

ARCHITECTURE OF CONSEQUENCE, EXHIBITION, BOOK AND SYMPOSIUM

16-10-2009

The Netherlands Architecture Institute (NAi) introduces its innovation agenda "Architecture of Consequence" by publishing a book, organizing an international exhibition and a symposium at the end of October 2009. Architecture of Consequence emphasizes the shift in focus from spatial to social challenges.

West 8 is featured in the book with the project Happy Isles and Adriaan Geuze will contribute to the symposium Architecture 2.0: Architecture of Consequence together with Jo Coenen, Ole Bouman, Norman Foster and Winy Maas.
