

CONSTRUCTION OF PUBLIC TRANSPORTATION TERMINAL ROTTERDAM CENTRAL STATION STARTED

28-07-2009

Construction works on the new public transportation terminal at Rotterdam Central Station have started. In 2012 the station will have a spacious, comfortable and well accessible new terminal that can cope with the increased passenger flow. It is expected that over the next 15 years the average number of passengers will rise from 110.000 to 330.000.
