

WEST 8 TO SPEAK AT ALAU FORUM 'ECO CITY EKO LANDSCAPE' IN UKRAINE

15-03-2016

The topic of ECOLOGY is now at the peak of its popularity and getting global attention. It has become the new standard and is our desire to live in a clean environment, not only in the forest or in a park but these ecological demands are now appearing also on the streets level of our cities. Ecology has to reflect in the architecture and our landscape. To look into the diversified means of building a green city, the Association of Landscape Architects of Ukraine ALAU organises an exhibition 'Inter Build Expo 2016' which will commence between 23rd to 26th of March 2016 in the exhibition centre in Kyiv.

In this framework, a special forum being held on 24th March with the theme "[Eco City Eko Landscape](#)" where West 8's Project Manager and Senior Landscape Architect Jelle Therry will be presenting precincts of West 8's innovative approach on this topic. Details of the event can be found on the official website of the [ALAU](#).
