West 8's Jelle Therry spoke to a full crowd at the [Azrieli School of Architecture & Urbanism](#) Forum Lecture on October 3rd, which was held at the National Gallery in Ottawa, Ontario.

Entitled "Second Nature" the public lecture showcased West 8's design philosophy along with a number of our Canadian projects such as [Queens Quay](#), [Jack Layton Ferry Terminal](#) and [Moss Park](#).

The Forum Lecture Series at Carlton University is a long-held tradition of the school. First initiated in 1968 and re-established in 2004, the Forum Lecture Series introduce students, and the wider Ottawa community to a host of leading practitioners and critics of architecture.

Held in the auditorium of the [National Gallery of Canada](#) it invites the capital city to engage in emerging ideas and celebrate the architectural profession.
